re live corvette's early years at the drag strip famously known as america's sports car the chevrolet corvette came to market in 1953 that same year the newly established national hot rod association nhra hosted its first event the corvette was never intended for quarter mile drag racing and it appeared to be completely at odds with the sport early equipment included an underpowered blue flame 6 cylinder motor and automatic transmission but somehow the two have become forever entwined the corvette brought an element of class and style to drag racing on the showroom and on the street it has always been unique it is truly american likewise the uniqueness that sets it apart from everything else also meant that it had no natural competition on the drag strip however that fact didn't dampen enthusiasm indeed the nhra and other governing bodies introduced sports car divisions in the late 1950s catering to both stock and modified vehicles naturally these classes were packed with corvettes racing historian steve holmes breaks new ground by unearthing the complete early history of the corvette in drag racing quarter mile corvettes focuses on the period from 1955 to 1975 which spans the first 20 years of corvette v8 production fittingly this was also the era considered by many to be the greatest in drag racing's history and corvettes encapsulated the vibrancy of the period in a way that will never be repeated certainly chevrolet never intended for the corvette to become a quarter mile terror but today its nameplate has become one of the longest running in all of drag racing

great american hot rods chronicles over 360 amazing cars from the streets shows and strips of america the strict criterion of featuring only pre 1949 cars is observed but beyond that anything goes the author identifies and codifies the four main categories of rod that cruise our streets today hardcore rods are the purist form of the genre and set out to recreate the original days of low budget builds using junkyard parts and are resplendent with prime and rust traditional rods adhere to the styles of yesteryear but utilize modern parts performance rods are built using race inspired components to be the quickest machines around street rods are built with the best and most modern parts available and are designed for drivability and comfort capable of being drive long distances to shows by contracts for show rods practicality takes a back seat to the wow factor these pampered cars are even trailered to events to keep them in prime condition as you can see the world of the rod is a very broad church where hardcore and show cars are the complete antithesis of one another great american hot rods is a tribute to the ingenuity of both amateur and professional automotive engineers over the last fifty years some of these cars have been rebuilt several times while others are spookily original their doors autographed by their famous drivers some of these rods are stars in their own right having appeared in movies such as american graffiti or on tv such as ed cookie byrnes's car in 77 sunset strip big daddy aka ed roth's landmark car is also featured all of the featured cars are genuine living pieces of americana and represent a fascinating and worthy part of our fabulous automotive heritage
