the concept of the civilian legal recognition adjudication and the trials of international criminal justice offers a critical account of the legal shaping of civilian identities by the processes of international criminal justice it draws on a detailed case study of the international criminal tribunal for the former yugoslavia to explore two key issues central to these justice processes first how to understand civilians as a social and legal category of persons and second how legal practices shape victims identities and redress in relation to these persons integrating socio legal concepts and methodologies with insights from transitional justice scholarship *claire garbett* traces the historical emergence of the concept of the civilian and critically examines how the different stages of legal proceedings produce its conceptual form in distinction from that of combatants this book shows that the very notions of civilian protection and redress that underpin current practices of international criminal justice continue to evoke both definitional difficulties and analytic contestation using a unique interdisciplinary approach the author provides a critical analysis of the relationship between mechanisms of transitional justice and civilians that will be of interest to scholars and students in the fields of transitional justice sociology law politics and human rights

no other single work provides such deft analysis of and fresh insight into the works of *dorothea lange john steinbeck john ford and woody guthrie* in relation to the dust bowl migration *r douglas hurt* author of the dust bowl thanks to this fine study the full story of the dialogue between the american people and the most conspicuous victims of the great depression stands revealed in all its power and importance *kevin starr* author of *endangered dreams the great depression in california*

in the course of his study of vengeance as a moral concept *french* exposes important distinctions between types of moral theories *karmic and non karmic* and between people who are morally handicapped and those who are morally challenged he

examines concepts relevant to vengeance such as honor moral authority and evil and issues such as the rationality of revenge and proportionality in punishment book jacket
