criminal law is written with the needs of the student foremost in mind to provide more than ever as modern and as comprehensive an exposition of the criminal law as he or she could possibly

require

smith and hogan s essentials of criminal law combines the authority you would expect from a smith and hogan title with succinct coverage and a wealth of student friendly learning features to aid study

the routledge handbook on american prisons is an authoritative volume that provides an overview of the state of u s prisons and synthesizes the research on the many facets of the prison system the united states is exceptional in its use of incarceration as punishment it not only has the largest prison population in the world but also the highest per capita incarceration rate research and debate about mass incarceration continues to grow with mounting bipartisan agreement on the need for criminal justice reform divided into four sections prisons security operations and administration types of offenders and populations living and dying in prison and release reentry and reform the volume explores the key issues fundamental to understanding the u s prison system including the characteristics of facilities inmate risk assessment and classification prison administration and employment for profit prisons special populations overcrowding prison health care prison violence the special circumstances of death row prisoners collateral consequences of incarceration prison programming and parole the final section examines reform efforts and ideas and offers suggestions for future research and attention with contributions from leading correctional scholars this book is a valuable resource for scholars with an interest in u s prisons and the issues surrounding them it is structured to serve scholars and graduate students studying corrections penology institutional corrections and other related topics

conspiring to commit a crime is a criminal offence under the current law when two or more persons plot a crime they can be arrested at the planning stage regardless of whether the crime is ultimately committed attempting to commit a crime is also an offence but only if the perpetrator commits an act which is a more than merely preparatory step towards the commission of the offence itself this consultation paper examines these two areas of criminal law with conspiracy conviction is dependent on it being proved that the perpetrator actually knows that the crime will be committed with criminal attempt the uncertain character of the law leaves too much doubt in cases where common sense suggests that the accused is guilty the law s definition of preparatory has become too generous to the accused the commission puts forward 21 proposals for consultation which closes on 31 january 2008 the proposals should be considered

in light of the recommendations made in the commission's 2006 report inchoate liability for assisting and encouraging crime cm 6878 law com no 300 isbn 9780101687829

in nato rules of engagement camilla guldahl cooper offers clarity on a topic prone to confusion and misunderstanding nato rules of engagement roe are of considerable political strategic and operational importance yet many of its concepts lack clarity the resulting ambiguity may be detrimental for people involved and for mission accomplishment through a thorough analysis of the concept purpose development and use of nato roe cooper contributes to improved understanding and implementation of nato roe the book covers all use of force categories and relevant law relating to the use of force during armed conflicts including the complex concepts of hostile act and hostile intent direct participation in hostilities and the increasing reliance on self defence during armed conflict

through a rational reconstruction of orthodox legal principles and reference to cutting edge neuroscience this book reveals some startling truths about the criminal law its history and the fundamental doctrines that underpin the attribution of criminal fault while this has important implications for the criminal law generally the focus of this work is the development of a theory of corporate criminality that accords with modern theory of group agency itself informed by advancements in contemporary philosophy and social science the innovation it proposes is the theoretical and practical means by which criminal fault can be attributed directly to the corporate actor where liability cannot or should not be reduced to its individual members

lacey criticizes the fundamental liberal philosophical assumptions underlying much of the modern tradition of theorising about punishment and argues instead for its justifying social functions

this comprehensive casebook provides extracts from all of the key cases along with other essential materials from statutes reports books and articles notes and questions provide context and encourage deep learning it is the perfect companion to a textbook such as smith and hogan criminal law
