please note this is a companion version not the original book sample book insights 1 the author compares human existence in the modern era to that of a pilot practicing high speed maneuvers in a jet fighter most of us live at high speed and we have no idea whether we are flying upside down or right side up 2 there is no longer a recognized moral knowledge on which to base projects of fostering moral development if you lowered a student's grade just for saying

on a test that discrimination is morally acceptable the student could contest that grade to the administration 3 if a student wrote on a test that 7 times 5 equals 32 or that columbus discovered america in 1520 we would be allowed to impose our views on them these are matters that are regarded as known 4 the problem is not connecting character to intellect but connecting intellectual with moral and spiritual realities the problem is that character is connected with the intellect which means what is and is not in the intellect

while acknowledging the inherent tension between evangelicals who emphasize theological propositions and those who emphasize personal experience alister mcgrath believes that spirituality represents the interface between ideas and life between christian theology and human existence the book explores the centrality of mcgrath s theology in the development of his views on spirituality mcgrath does not approach spirituality from a theological void but instead uses his theological perspective as the foundation through detailed examination of mcgrath s previous work and the writing of other evangelicals the merging of theology and spirituality offers an overview of a unique thinker s contributions and a guide for future theological and spiritual exploration

evangelical christianity in the united states is currently in a dramatic state of change yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary christian theology has found its way into the hearts and minds of emerging generations of christians the theology of dallas willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of jesus christ blending both a prophetic critique with pastoral encouragement willard s unique understanding of the reality present within a life lived as a disciple of jesus in the kingdom of god is attracting both new and traditional christians to reconsider their faith

for those discouraged and exhausted by the bitterness and rage in our politics michael wear offers a new paradigm of political involvement rooted in the teachings of jesus and drawing insights from dallas willard s approach to spiritual formation when political division shows up not only on the campaign trail but also at our dinner tables we wonder can we be part of a better way the spirit of our politics says yes offering a distinctly christian approach to politics that results in healing rather than division kindness rather than hatred and hope rather than despair in this profound and hope filled book michael wear a leading thinker and practitioner at the intersection of faith and politics applies insights taken from the work of dallas willard to argue that by focusing on having the right politics we lose sight of the kind of people we are becoming to destructive results this paradigm shifting book reveals why we need to reframe how we view our political involvement as christians how as christians we can reorient our politics for the good of others the crucial connection between discipleship to jesus and political involvement a different way of talking about politics that is edifying not stomach turning how to navigate political strife in churches and small groups why who we are in our political life is not quarantined from who we are in real life why gentleness is entirely possible in our political discourse the spirit of our politics is for readers of any political perspective who long for a new way to think about and engage in politics that new approach begins with a simple question what kind of person would i like to be

how do you decide what to read dan gibson jordan green and john pattison have created this tool to make your choices easier besides the bible is a guide to the wide array of great books that they believe every christian should read the ones that matter to the church and the world

the revered christian author whose bestselling classics include the divine conspiracy and the spirit of the disciplines provides a new model for how we can present the christian faith to others when christians share their faith they often appeal to reason logic and the truth of doctrine but these tactics often are not effective a better approach to spread christ s word dallas willard suggests is to use the example of our own lives to demonstrate jesus s message we must be transformed people living out a life reflective of jesus himself a life of love humility and gentleness this beautiful model of life this allure of gentleness willard argues is the foundation for making the most compelling argument for christianity one that will convince others that there is something special about christianity and the jesus we follow
