in 1939 hitler went to war not just with great britain he also went to war with the whole of the british empire the greatest empire that there had ever been in the years

since 1945 that empire has disappeared and the crucial fact that the British Empire fought together as a whole during the war has been forgotten. All the parts of the empire joined the struggle and were involved in it from the beginning, undergoing huge changes and sometimes suffering great losses as a result of the war. In the desert, the defence of Malta and the Malayan campaign, and the contribution of the empire as a whole in terms of supplies, communications, and troops, all reflect the strategic importance of Britain's imperial status. Men and women not only from Australia, New Zealand, and India but from many parts of Africa and the Middle East all played their part. Winston Churchill saw the war throughout in imperial terms. The British Empire and the Second World War emphasises a central fact about the Second World War that is often forgotten.

The Second World War ended the Nazi attempt to establish Germany as the dominant power in Europe and the world, and Japan's aim of controlling South East Asia and the Pacific. It also resulted in the creation of two super powers and led to the Cold War. A. W. Purdie provides one of the most concise yet comprehensive accounts of the entire course of World War Two, covering both the European and the Asian Pacific conflicts thoroughly. Revised and updated in the light of the latest scholarship, this second edition of an established text challenges accepted views and reassesses the war, rejecting the simplistic concept of a war against fascism. It discusses the historiography and critically analyses key themes and issues, as well as examining current debates. It considers changes in popular attitudes to the Second World War, ideal for students and general readers alike. This is an essential introduction to the causes, nature, and significance of World War Two from the perspective of the twenty-first century.
